

INDOAVIS NUSANTARA
VFR-ONC CHART BULLETIN
(Operation Navigation Chart)
Scale 1:1.000.000

Publish Cycle : 2021-03
Effective : 15 Jul 2021 to 07 Oct 2021

Information on this charts will change; Consolidated updates of chart changes are available every 84 (eighty-four) days, calculated from twice AIRAC Dates in the VFR-ONC 1:1.000.000 Bulletin (online at www.indoavis.co.id). Also consult appropriate NOTAM and AIP for the latest changes.

**CHARTS BULLETIN
OPERATION NAVIGATION CHART**

Indoavis Aeronautical Chart Bulletins The purpose of this bulletin is to provide major changes in aeronautical information that have occurred since the last publication date of each Sectional Aeronautical, VFR Terminal Area, and Operational navigation Chart listed. The general policy is to include only those changes to controlled airspace and special use airspace that present a hazardous condition or impose a restriction on the pilot, and major changes to airports and radio navigational facilities, thereby providing the VFR pilot with the essential data necessary to update and maintain chart currency. The data is grouped by type and then by effective date. When a new edition of the Aeronautical Chart is published, the corrective tabulation will be removed from this bulletin. Inasmuch as this Bulletin provides major changes only. For current operation data please check the AIP document
